#### Conference presentation rules:

All sessions held online. [Click here](#) to attend or present. Each presentation lasts strictly less than 10 minutes, followed by 5 minutes of Q&A from the audience. A rule of thumb is that it takes about 2 minutes to go over a single slide of content. Therefore, the suggested maximum number of content slides is 5. Use a minimum font of 18. Do not read from the slides – tell a story. Use RHUL's widescreen [presentation templates](#). Make sure you have uninterrupted internet access and a quiet space for the duration of the Conference. Our campus is typically great for the purpose, especially the dedicated small study rooms in the library. Book your room [here](#) if required.
